ANNUAL REPORT
of the
MEDICAL OFFICER OF HEALTH
FOR THE YEAR 1959

TO THE CHAIRMAN AND MEMBERS OF THE
HUCKNALL URBAN DISTRICT COUNCIL.

Mr. Chairman, Ladies and Gentlemen,

I have the duty of presenting the annual report on the health of the Urban District of Hucknall for the year 1959.

Dr. P. Brodbin resigned from the appointment as your Medical Officer of Health at the end of the year.

Infectious Diseases.

During the year 412 cases of Infectious Diseases were notified as against 514 for the previous year. Once again, measles (262) accounted for the bulk of these notifications, and fortunately was not the cause of any death.

The campaign of vaccination against Poliomyelitis continued during the year, and it is satisfactory to note that no case of poliomyelitis was notified in the district.

4,472 persons completed their poliomyelitis injections during the year, of which 3,977 were arranged by the Health Department.

It is pleasing to note that for the fifteenth year in succession no case of diphtheria has been notified. Unfortunately it is not sufficiently appreciated that this excellent state of affairs is in a large part due to the practice of immunisation during infancy and childhood. A growing number of persons have never seen a case of diphtheria and see little reason to have their children immunised. They owe their children and the community a moral duty to have this done, since if the proportion of cases immunised in the population falls below a certain level the disease will reappear amongst us. The

Ministry of Health recommends that 75% of babies should be immunised against diphtheria before their 1st birthday.

The total notifications of Tuberculosis were 12, as against 18 notified for the previous year.

Births and Deaths.

233 deaths were recorded in the district during the year, compared with 227 the previous year. The chief causes of death once again being failure in the Cardio-vascular system, cancer and bronchitis. It is satisfactory to note that the notifiable diseases resulted in only two deaths—one each from Tuberculosis and Pneumonia. The total deaths under one year were 10 compared with 12 for the previous year.

Total births registered were 354, being two less than the previous year.

I wish to record my appreciation of the support of my staff and the co-operation of the staffs of the other Departments. In particular, I wish to thank Mr. Brogan, Chief Public Health Inspector, and Mr. Plummer, Deputy Public Health Inspector, for their assistance which was so readily given from the start, and which helped so much during my first months in your district.

I am, ladies and gentlemen,

Your obedient servant,

T. M. B. ROHAN,

Medical Officer of Health.

HEALTH SERVICES PROVIDED BY THE COUNTY COUNCIL

Details of these services are provided for information by courtesy of the County Council.

Watnall Road Centre

The Clinic, Watnall Road, is utilised for the Maternity and Child Welfare Centre, School Clinic, Dental Clinic, Relaxation Classes, Speech Training, Vaccination and Immunisation, Audiometry, Classes for Ineducable Pupils, Eyes Testing, and Distribution of Welfare Foods.

Ante-Natal and Post-Natal Sessions

Friday, 2.0—4.30 p.m.

The Doctor is in attendance at these sessions.

Child Welfare Sessions

Mondays and Thursdays, 2.0—4.30 p.m. Medical Officer in attendance.

Wednesdays, 2.0—4.30. No Medical Officer in attendance.

Health Visitors are in attendance at each Ante-Natal, Post-Natal and Child Welfare Session.

School Clinic Sessions

Tuesdays, 9.30 a.m.—12 noon.

Fridays, 9.30 a.m.—12 noon, 2.0—4.0 p.m. Medical Officer in attendance Tuesday and Friday mornings.

Dental Clinic Sessions

A Dental Officer is normally in attendance during the morning and afternoon sessions of Monday, Wednesday, Thursday and Friday of each week. Treatment is given by appointment.

Speech Therapy Sessions

Two sessions per week: Monday morning and Tuesday morning.

Vaccination and Immunisation

A vaccination and immunisation session is held on the first Tuesday afternoon of each month from 2—4 p.m. No appointment is necessary.

Distribution of Welfare Foods

Monday to Friday, 2—5 p.m.
Saturday, 10 a.m.—12 noon.

Midwifery Service

The services of the following County Midwives and District Nurse-Midwives are available in the Urban District:

COUNTY MIDWIVES:

Telephone No.:

Miss M. Spellman,
3 Abbey Close,
Off Common Lane,
HUCKNALL

Hucknall 2456

Miss H. M. Beynon and Miss A. Calcraft,
Nurses' Home,
Beardall Street,
HUCKNALL.

Hucknall 3508

DISTRICT NURSE-MIDWIVES:

Nurse M. Sutton and Nurse K. F. O. Over,
Nurses' Home,
Beardall Street,
HUCKNALL

Hucknall 3468

Home Nursing Service

Two District Nurses (G. Saxton and R. M. Pleming, Nurses' Flats, Beardall Street, Hucknall) are now employed whole-time in general nursing, and, in addition, the part-time services of Nurse Sutton and Nurse Over are available for this service.

Maternity Outfits

Sterilised maternity outfits containing all dressings necessary for the conduct of a domiciliary confinement are supplied free of charge on the certification of the midwife engaged or the Health Visitor.

Care of Premature Births

The provision of draught-proof cots with hot-water bottles, blankets, etc., and an ambulance, is made for all premature infants requiring transportation to hospital. The midwife accompanies the infant on the journey to hospital.

Similarly equipped cots are provided for such infants nursed at home.

The services of a Consultant Paediatrician are available when required.

Home Help Service

Home Helps are available where domestic help is required owing to the presence of any person who is ill, lying-in, an expectant mother, mentally defective, aged or a child not over compulsory school age. The charge for this service is 3/3d. per hour, but where the recipient is unable to afford this standard charge, the County Council's Scale of Assistance is applied.

At the end of the year there was a total of Seventy-nine Home Helps employed on the joint district of Hucknall and Eastwood, forty-eight of whom are available for service in the Hucknall Urban District.

Cases in need of help should be reported to the District Office of 66 High Street, Hucknall (Telephone Hucknall 2093). It is particularly important that expectant mothers wishing to book a Home Help for their confinements should do so at an early date in order that adequate arrangements may be made.

REPORT
of the
CHIEF PUBLIC HEALTH INSPECTOR AND
CLEANSING SUPERINTENDENT
FOR THE YEAR 1959

TO THE CHAIRMAN AND MEMBERS OF THE
HUCKNALL URBAN DISTRICT COUNCIL.

Mr. Chairman, Ladies and Gentlemen,

I have pleasure in presenting my report for 1959, a year during which a great deal of our time was devoted to housing matters. The demolition of No. 14 Portland Road, Nos. 88 and 90 Watnall Road, six houses at Forge Mills, and 15 houses in the Brook Street/Cross Street Area was completed. Demolition orders were served in respect of No. 20 Co-operative Avenue and eight houses in Allcock's Yard. No. 60 Whyburn Street and No. 30 Betts Street, were acquired by the Council and closed. An undertaking not to re-let three vacated properties in Byron Square was accepted.

The Eastwell Street Nos. 1, 2 and 3 Compulsory Purchase Orders were confirmed without modification, and the 24 properties involved were awaiting demolition by the end of the year.

A Compulsory Purchase Order was submitted to the Minister in respect of 16 houses at the Annesley Road/Spring Street junction and a public enquiry was held in October, concerning two objections made.

Detailed Inspections of the entire Butler's Hill Area were completed by the end of the year prior to representation, the declaration of a Clearance Area and the making of a Compulsory Purchase Order in respect of properties within the Clearance Area and other properties outside the area required for the satisfactory redevelopment of the site.

This is the largest scheme ever undertaken by this Authority, involving some 379 houses.

The majority of the displaced families from all these areas are being rehoused on the Welbeck Estate where the

road works and housing construction is progressing satisfactorily.

There is, inevitably, a certain amount of opposition to our Slum Clearance work, but in addition to the disrepair and dampness found in most of the properties, and the lack of privacy experienced in the common rear yards, the use of the galvanised bath on the living-room hearth is still the accepted practice. In these days when rockets are reaching the moon it is surely time we looked upon a bathroom as an essential for every family.

With the co-operation of the owners of properties in the Westville area, it was possible to connect some 36 houses to the main sewer and abolish the cesspools.

Part of the Slaughterhouses (Hygiene) Regulations 1958 came into force on 1st January, 1959. This mainly dealt with hygienic practices. The remaining sections dealing with construction and equipment will come into force at a later date to be specified by the Minister. Thus, the butcher with a private slaughterhouse will, provided he can meet the requirements of the Regulations, be allowed to continue slaughtering on his own premises.

HOUSING

The following particulars are presented in the manner prescribed by the Ministry of Health :—

1. Inspection of Dwelling-houses during the year :—

1.	(a)	Total number of dwelling-houses inspected for housing defects (under Public Health or Housing Acts)	728
	(b)	Number of inspections made for the purpose	862
2.		Number of dwelling-houses found to be in a state so dangerous or injurious to health as to be unfit for human habitation	...		460
3.		Number of dwelling-houses (exclusive of those referred to under the preceding sub-head) found not to be in all respects reasonably fit for human habitation	...		3

2. Remedy of defects during the year without Service of Formal Notices :—

	Number of defective dwelling-houses rendered fit in consequence of informal action by the local authority	48
--	---	-----	-----	-----	-----	----

3. Action under Statutory Powers during the Year :—

(a) Proceedings under Section 9 and 10 of the Housing Act, 1957 :—

(1) Number of dwelling-houses in respect of which notices were served requiring repairs	2
(2) Number of dwelling-houses which were rendered fit after service of formal notices :—		
(a) By Owners	*3
(b) By Local Authority in default of Owners	Nil

(b) Proceedings under Public Health Acts :—

(1) Number of dwelling-houses in respect of which notices were served requiring defects to be remedied	15
(2) Number of dwelling-houses in which defects were remedied after service of formal notices :—		
(a) By Owners	*16
(b) By Local Authority in default of Owners	1

(c) Proceedings under Sections 16, 17 and 23 of the Housing Act, 1957 :—

(1) Number of dwelling-houses in respect of which Demolition Orders were made	...	12
(2) Number of dwelling-houses demolished in pursuance of Demolition Orders	...	3
(3) Number of houses demolished in pursuance of Clearance Orders	15
(4) Number of houses in respect of which Closing Orders were made	5

(d) Proceedings under Section 18 of the Housing Act, 1957 :—

(1) Number of separate tenements or underground rooms in respect of which Closing Orders were made	Nil
--	--------	-----

(2) Number of separate tenements or underground rooms in respect of which Closing Orders were determined, the tenement or room having been rendered fit ...	Nil
---	-----

4. Housing Act, 1936, Part IV.—Abatement of Overcrowding.

(a) Number of new cases of overcrowding reported during the year ...	21
(c) (i) Number of cases of overcrowding relieved during the year ...	17
(ii) Number of persons concerned in such cases ...	88
Number of new houses completed during the year :—	
(a) By the Local Authority ...	76
(b) By private enterprise ...	46
Number of applicants for houses at the end of the year ...	694
Number of applicants for bungalows at the end of the year ...	204
Number of families rehoused during the year ...	89
Number of families rehoused during the year in which priority was accorded on account of Tuberculosis ...	2

5. Rent Act, 1957.

Part I—Applications for Certificates of Disrepair

(1) Number of applications for certificate ...	32
(2) Number of decisions not to issue certificates	4
(3) Number of decisions to issue certificates	
(a) in respect of some but not all defects ...	18
(b) in respect of all defects ...	8
(4) Number of undertakings given by landlords under paragraph 5 of the First Schedule ...	17

(5) Number of undertakings refused by Local Authority under proviso 5 of the First Schedule	Nil
(6) Number of certificates issued	9
Part II—Applications for Cancellation of Certificates					
(7) Applications by landlords to Local Authority for cancellation of certificates	9
(8) Objections by tenants to cancellation of certificates	4
(9) Decisions by Local Authority to cancel in spite of objections	2
(10) Certificates cancelled by Local Authority	7

* These figures include notices served in 1958 and complied with in 1959.

THE MILK (SPECIAL DESIGNATIONS (PASTEURISED & STERILISED) REGULATIONS

Samples of Milk taken by the County Sampling Officer
and submitted to prescribed Tests:—

	No. of samples taken	Result: Complied, Failed to Comply	
Pasteurised, Heat Treated, etc.	104	104	Nil

BACTERIOLOGICAL EXAMINATION OF MILK BOTTLES

Examined	...	24
Satisfactory	...	24
Unsatisfactory	...	Nil

MILK AND DAIRIES REGULATIONS, 1949.

The table below shows (a) the number of dealers, etc., registered with your Authority, and (b) the results of samples of milk sent for bacterial examination:—

(a) Total number of dairies registered with the Council 2

Number of dealers' licences issued authorising the
use of the special designation, "Sterilised" in
relation to milk ... 33

Number of dealers' licences issued authorising the
use of the special designation, "Pasteurised" in
relation to milk ... 11

Number of dealers' licences issued authorising the use
of the special designation, "Tuberculin Tested" in
relation to milk ... 2

(b)

No. of samples submitted for Bacterial examination.	No. found to be satisfactory.	No. found to be unsatisfactory.
Pasteurised Milk 13	13	—
Sterilised Milk 10	10	—
Tuberculin Tested 2	2	—
T.T. Pasteurised 6	6	—

ICE CREAM and ICE LOLLIES

The number of samples of ice-cream and ice lollies submitted for bacterial examination, together with the results, are shown below :—

No. of samples submitted for Bacterial examination.	No. found to be satisfactory.	No. found to be unsatisfactory
Ice-cream 29	26	3
Ice-lollies 11	10	1

WATER SUPPLIES, INCLUDING SWIMMING BATHS AND POOLS

During the year one sample of the public water supply was submitted to the Public Analyst, and found to be satisfactory.

Visits were made during the year to the Lido and to the Swimming Baths; 12 samples were taken and submitted to the Public Health Laboratory for analysis.

VERMINOUS PREMISES

During the year 195 houses or parts of houses were treated with proprietary brands of insecticides for cock-coaches 21, ants 146, wasps 12, flies 4 and crickets 4.

PREVENTION OF DAMAGE BY PESTS ACT, 1949

During the year 99 complaints of rats and 19 of mice were received. They were as follows: Private Houses 100, Business Premises 18. In each case baiting with Warfarin proved successful.

SLAUGHTERHOUSES

PUBLIC CLEANSING

Collection :

Three Dennis Paxit vehicles were used throughout the year, and the Ford side loader was retained as a reserve in case of breakdowns. An eight day collection was maintained for the majority of the time.

Disposal :

Tipping continued at the Wigwam Lane Site and three acres of finished tip were graded and soiled over. It is the committee's intention to purchase an Angledozer for levelling in the near future.

In conclusion, I would like to thank the Council for the interest they have shown in the work of the department. I would also like to express my gratitude to the staff for their loyal support at all times.

I remain, ladies and gentlemen,

Your obedient servant,

G. BROGAN,

Chief Public Health Inspector.
